## QUALITY OF STOCK

The stock offered in this list is strictly first-class, and, we believe, absolutely free from all injurious insects or diseases. We aim to keep our Nurseries clean, so that the stock is healthy and vigorous. We invite inspection. Visitors are always welcome. See back cover for location of Nurseries.

## SUBSTITUTION

We never substitute one variety for another. Should the variety be exhausted, we at once notify the customer. In case the size ordered is exhausted, we send the next size thereto and charge accordingly, unless otherwise advised.

## THE PLANTING SEASON

The planting season begins in the spring as soon as the frost is out of the ground, which is about the first of April, and continues until early in June.

## SHIPPING DIRECTIONS

Parties ordering are requested to state explicitly the mode of conveyance by which they desire their stock forwarded.

When no route is designated, we exercise our judgment; but in no case do we assume any responsibility after packages are shipped, unless for our own mistakes. When losses occur by detention, claims should at once be made on the TRANSPORTATION COMPANY.

## CERTIFICATE OF INSPECTION

Our nurseries are inspected every year by the State Nursery Inspectors, and a copy of the CERTIFICATE OF INSPECTION accompanies every shipment.

## CONDITIONS OF SALE

First—The articles on the following list will be furnished at the annexed prices only when the quantity specified shall be taken. Five hundred will be furnished at the thousand rate; fifty at the hundred rate and five at the ten rate.

Second—We give no warranty, expressed or implied, as to quality, description, productiveness, or any other matter of any nursery stock that we sell. Nevertheless we shall, in the future, endeavor to live up to our reputation for square dealing as fully as we have in the past. No complaints will be considered that are not made within ten days after receipt of stock.

Third—The prices annexed do not include the boxes or bales. A charge is made for the actual cost of the boxes or the material used in baling. Boxes in which we have shipped stock and which are returned to us are generally so badly damaged in transit that we will allow credit for not over fifty per cent of the charge made for same. We make no charge for conveyance of shipment to the freight stations or express offices.

Our terms are cash, unless by special agreement. We can ship by express C. O. D., when desired, with charges for collection added to the bill—provided 20 per cent of the amount of the order accompanies the same as a guarantee. Said guarantee will be required only from parties with whom we have no business acquaintance. All bills remaining unpaid December 1st in fall, and June 1st in spring, will be subject to sight draft without further notice.

March 1, 1917.

**Framingham Nurseries**  
W.B. WHITTIER & CO. - FRAMINGHAM, MASS.

## HARDY EVERGREEN TREES

The Evergreens we list are well developed and heavily rooted; they have been several times transplanted. We have a quantity of large specimens not listed; these can be selected at the nursery when prices will be given. A visit to our nurseries will pay you.

We always BALL and BURLAP our Evergreens at NO ADDITIONAL COST.

	Each	Per 10	Per 100
ABIES balsamea (Balsam Fir) 3 to 4 ft. ....	75	6 00

 Our Hemlocks were transplanted in the Spring of 1915 and are now exceptionally fine.

## WE INVITE INSPECTION

We have a large stock of Evergreen Trees and Shrubs, Rhododendrons and other stock, and we believe it will pay you to visit the nurseries, where you can judge as to its quality and condition. If you require any large specimens it will be worth while to select them at the nurseries.

Directions for reaching our nurseries will be found on the last page.

## RHODODENDRONS

Our stock of Rhododendrons comprises the best of the Hybrids, which we have tested as to hardiness, the native Catawbiense and Maximum and also the dwarf Alpine varieties. We can furnish fine collected plants of the native Maximum by the car load sizes from two to six feet. Prices given on application.

## DECIDUOUS SHADE AND ORNAMENTAL TREES

IMPORTANT—This list includes only such varieties of stock as we have now in our nurseries, in sizes and quantities offered. In filling orders we shall grade stock according to these specifications. Should orders be received for sizes not found in this list, or should any specified grade be exhausted, we will send the nearest size we have in stock at the time the order is received and charge accordingly; unless otherwise advised.

## DECIDUOUS FLOWERING AND ORNAMENTAL SHRUBS

Our shrubs are grown with plenty of space in the nursery rows to insure good, vigorous growth, and they lift with strong roots; they are healthy and make quick development after planting.

 **Prunus tomentosa** possesses real merit. It is absolutely hardy, and not subject to San Jose scale. The foliage of itself is a thing of beauty. When it has obtained its growth it will bloom profusely in early Spring, and bear abundance of fruit in early Autumn. The fruit resembles small cherries, is highly ornamental and edible for man as well as birds.

## **"I NEVER KNEW YOU HAD SUCH A GREAT QUANTITY AND VARIETY OF STOCK"**

is a phrase we hear every day—not only from persons outside the trade, but also from men who have spent their entire lives in the nursery business.

Do YOU realize how much stock we have? There is only one way to find out—come and look us over. Some one of us will be here to give you the glad hand and to show you about. If notified of your coming, we will meet you at the station. Our phone number is "Framingham 331."

The express trains from New York and Chicago stop at Framingham—also the locals and milk trains. Electric lines and motor roads converge here. In fact, wherever you may be, you are within easy striking distance of Framingham.

Directions for reaching Framingham are printed on the last page.

---

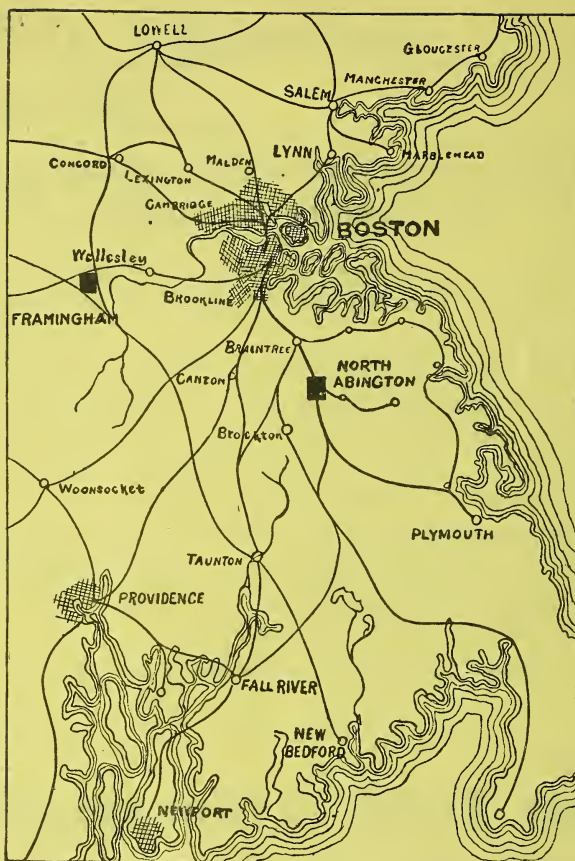

## **Motor Truck Transportation**

For several years we have delivered local orders by motor truck. Our experience leads us to heartily endorse that method of transportation. The reasons are many.

To begin with, the cost is less for it does away with boxing. Then too, it is more convenient, for the stock is delivered to the spot where it is to be used. Also the stock has less chance to become bruised and broken, for it does not have to be squeezed into the narrow confines of a box. But the greatest reason of all is that you receive your stock within a few hours after digging and it arrives in as fresh condition as when it stood in the nursery rows.

For all orders which weigh one ton or more and which are to be shipped within fifty or sixty miles, we recommend MOTOR TRUCK TRANSPORTATION.

We are not in the trucking business; we hire our trucking done. The charge we make you is just what the truckman charges us and is based on the distance travelled and the size of the truck used.

## OUR LOCATION

FRAMINGHAM NURSERIES are located in Framingham, Mass., about 20 miles from Boston and from Worcester, on the main line of the Boston & Albany division of the New York Central R. R. Also on the New Haven R. R.

Nearly all the trains to Boston from the West and from New York by the way of Springfield stop here. Trains leave the South Station, Boston, for Framingham every fifteen or twenty minutes.

We are situated about two miles from the Framingham station. We are reached from that point by the Boston-bound cars of the Boston & Worcester Street Railway Co. Ask the conductor for the FRAMINGHAM NURSERIES STOP. Phone us from the Framingham station and we will meet you there.

From Boston we may also be reached by any local car of the Boston & Worcester Street Railway Co. which goes as far as Framingham Junction. These cars leave from Park Square. Ask the conductor for our stop. From Worcester, any Boston-bound local car will leave you at our stop.

By motor from the West, turn from the New York & Boston Motor Road to the right at East Sudbury and continue for about three miles. From Boston take Commonwealth Ave. to its end, then South St. for about seven miles. You can't help seeing our swinging sign.
